Nosara, September 3, 2008

Greetings on behalf of the Bocas de Nosara Academic High School. We would like to count on you and inform you of some things that are needed so that our students can receive an adequate well rounded education.

In August 2008, we received the great news from the Omar Dengo Foundation that our institution was chosen for a donation of approximately **C100,000,000 (one hundred million colones; approximately 184,000\$US) of computer equipment**; but in order to receive that equipment we must remodel the computer lab according to the following requirements:

2 carbon dioxide extinguishers, 4.5 kilograms each  
Air conditioning unit of 60,000BTU  
Polarized glass, shades and a metal door  
40 chairs and 20 computer desks  
Electric Installation per the requirements of the Official Code of Electrical Engineering  
Acrylic whiteboard  
Paint  
2 ceiling fans

The Administrative Board of Directors of the Bocas de Nosara Academic High School is taking on the challenge of remodeling the computer lab and because of this we are sending letters asking for support to private businesses. We are also forming different activities (horse ride, soccer games, dances, etc) in order to raise funds. We believe in our families, our community and in you. For this reason we appeal to your generosity, believing in your sensibility and high level of commitment.

**Help us to change our present and we will be able to build and enjoy a better future.**

For more information call the Bocas de Nosara Academic High School at 26-82-02-68 or the members of the Administrative Board of Directors:

President: Antonio Esquivel Castillo 88-38-89-11

Vice-president: Sara Baltodano Lopez 26-82-10-92

Secretary: Anarabella Gomez Baltodano 26-56-81-48

Vocal 1: Armando Lopez Ruiz 26-82-11-05

Jose Carlos Lopez Ruiz 26-82-01-54
